ABOUT US

Where art meets architecture.

Founder & Mosaic Artist

Founded by Anthony, Loobow Mosaic is a studio devoted to the ancient craft of mosaic, reimagined for contemporary spaces. Every piece begins as a conversation and ends as a one-of-a kind artwork hand-laid tessera by tessera in glass, marble, stone and gold-leaf smalti.

From a statement wall in a luxury residence to a hotel lobby or a quiet courtyard, our mosaics are made to be lived with for generations.
